

# EIS Process

**1. Concepts:**  
General Ideas to improve I-29/I-35 in the study area.

**2. Concept Screening**  
Which ideas are most feasible?

WE ARE HERE

**3. Reasonable Alternatives**  
How do the best concepts work together?

- North of River
- Paseo Bridge/Front Street
- Paseo Blvd/NE Corner of Loop
- North Loop

**4. EIS Level Evaluation**  
What are the impacts of each alternative? What is the best reasonable alternative?

**5. Public Hearing**

What does the public think of the proposed solution or solutions? Have we missed anything?

**6. Final EIS**

Identify the best reasonable alternative, based on purpose and need, impacts and public input. The EIS is finalized when given federal approval, called a ROD.
